

DOWNLOAD AND INSTALL ERDAS IMAGINE

Download ERDAS IMAGINE

- Follow the link <http://download.hexagongeospatial.com/>
- In the drop down menu "Product Family" select "ERDAS IMAGINE"
- Download " ERDAS IMAGINE 2018 " 64 bit operating system
- In case that you already have the software, just follow the procedure below.

INSTALL ERDAS IMAGINE

Unzip the downloaded file.

The installation of Intergraph – ERDAS software is completed in one step.

For the operating license for the software please contact us via mail at mail@geosystems-hellas.gr or in the phone number +30 210 2846144-5.

If you own an older version of the software, you will also need to uninstall "Intergraph Licensing", "Foundation" and the earlier version of ERDAS IMAGINE in order to install the new version.

ERDAS IMAGINE 2018 release is only supported on 64-bit Windows Operating Systems, so only a 64-bit installer is available.

Follow these steps in order to successfully install the software:
